HealthMi

Issue N.1 - (Sept. 2022)

# Newsletter

**The HealthMi Erasmus+ Project has begun!**

The project will last until 27/02/2024, for a total of 24 months

## **Health Rights as propeller for Migrants' integration**

### **About the project**

HealthMi aims to foster respect and understanding for diversity in Health, intercultural and civic competences, while enabling health values and citizenship .

within the EU in order also to understand the educational needs of migrants regarding the healthcare system better. HealthMi Project includes the development of innovative tools and models locally and transnationally in order to facilitate migrants access to healthcare services and systems by reducing and facing any obstacles and problems occurred during their arrival but also the current pandemic of Covid-19

- To foster the integration of newly arrived migrants and provide access to local health services information
- To enable migrants in coming to contact with healthcare specialists
- To provide the host countries with accessibility guidelines linked to health care services, housing, education, financial services, social welfare rights
